

Pest Share Tech Enabled Pest Control Built for Property Managers

On- Demand, Pest Service For Your
Home

The Pest Share Plan is Part of Your Lease — Convenient pest protection for added peace of mind.

Pests Included In This Plan

Bed Bugs

Fleas

Ticks

Weevils

Mites

Mice (baiting and trapping)

Household Ants

Cockroaches

How to request service (no maintenance request needed):

1. Submit — Spot a pest? Submit a service request at [pestshareservice.com](https://www.pestshareservice.com)

2. Get updates — Pest Share confirms your request and sends pre-treatment instructions by phone or email.

3. Schedule — A vetted local service provider coordinates a visit.

4. Treatment — The provider treats the issue and confirms when the work is done.

See a pest? Don't wait.

Scan QR code and submit your request at www.pestshareservice.com

**Service requests for pests not covered under this plan are subject to a fee at a discounted rate*
